¶5. (U) Security Assessment: In light of ongoing military operations in Iraq and continued operations in support of the war on terrorism, there remains the potential for both transnational and indigenous terrorist groups with anti-Western sympathies, to include Kongra Gel (formerly PKK), Revolutionary People's Liberation Front (DHKP/C), Marxist-Leninist Communist Party (MLKP) Turkish Communist Party/Marxist Leninist (TKP/ML), Turkish Workers and Peasants Revolutionary Army (TIKKO) and Islamic Greater Eastern Raiders/Front (IBDA/C) continue to operate in Turkey.

Attacks over the last few years, attributed to these groups, have occurred in the Aegean and Mediterranean coastal resort areas, as well as in Istanbul. In Istanbul, most of the attacks, generally small-scale bombings, have occurred in neighborhoods not generally frequented by official Americans or tourists. Also in 2005 and 2006 public buses have been set on fire, with the most recent incident resulting in three deaths. Thus far, these attacks on buses also have taken place in areas of Istanbul distant from official American or

tourist destinations.

The Kurdish Freedom Falcons (TAK), a group ostensibly aligned with the PKK terrorists, claimed responsibility for many of the incidents noted above, and in April 2006 this group issued a statement renewing a threat to target Turkey's tourism industry. The most recent incidents claimed by this group occurred in summer 2006 and included explosions in the town of Manavgat (Antalya Province), Marmaris, and in the city of Antalya. Both Turkish and foreign citizens were injured and killed.

Violent demonstrations have occurred throughout Turkey, the most recent in Istanbul and in several cities in Southeastern Turkey. Just as with members of Mission Turkey, USG visitors are required to obtain RSO Ankara and DCM approval for travel to the Southeast

Al-Qa'ida threats to target U.S. facilities in Turkey have been public knowledge for some time. On November 15, 2003, two synagogues in Istanbul were the targets of suicide truck bombs. On November 20, 2003, the British Consulate General and the London based HSBC Bank in Istanbul were struck by powerful explosions, killing dozens and wounding hundreds. Though prosecutions of those responsible are still ongoing, indications are that the Al-Qa'ida network supported the indigenous radical Islamic terrorist group responsible. The August 2005 discovery in Antalya of a potential plot against maritime interests and subsequent arrest of a Syrian Al-Qa'ida facilitator and planner further attest to the ongoing transnational threat.

The incidence of crime, both violent and the more traditional tourists crimes (pick pocketing, purse-snatching, etc.), is

ANKARA 00001683 002 OF 002

relatively low throughout Turkey. However, over the last year, there has been a marked increase in the number of crimes reported to Consulate General Istanbul. Much of the crime is centered in the areas frequented by tourists, Consulate employees and official visitors. Visitors should be particularly attentive for pick pockets in and around the Sultanahmet, Taksim Square, and Istiklal Caddesi areas of Istanbul. Often pick pocketing is preceded by some sort of diversion, such as an argument or fight, or children asking to assist tourists, for example with their bags. If you encounter such activity, secure your wallet or purse and quickly leave the area. Another scam that is becoming more prevalent is that of a stranger approaching a visitor and striking up a conversation, which is continued inside a restaurant or club, at which point one is either drugged and robbed or presented with an enormous bill and intimidated into paying it. The security office encourages visitors to report any security incidents, including surveillance, to the RSO immediately.
